Crystal,

You have no right to register a domain name that corresponds to my real name. Please hand that domain name over to me, and please do not presume to think it is okay to register other people's names as domain names.

Hi Marc, hope this email finds you doing well. When I thought we may work together  
i bought <http://www.marcrandazza.com/> - to control the search, and pr on my case,  
if you represented me.. I manage it now, as ownership is well.. a different story now  
due to my current judgement..

I am confident with the case, and leaving it to the highest and best good..

I do however need to make money, so I am asking you if you or anyone you know  
could

use a very good search engine reputation manager. Not sure if you ever researched that for your online presence.. not sure of what you think of David Aman excusing me of extortion, thing is search management is something tons of people due and for thousands a month per search term.. and so when he sent a cease and desist and filed a lawsuit, i offered it as a way to settle and not spend a year fighting, he turned it down, then a year later accused me of a crime.. its simply not how it happened..

Anyway if you know anyone needing a very good search engine reputation manager please let me know..
